Profile

Talented program manager with 4+ years of experience managing timelines, maintaining records, and revitalizing programs to meet company goals.

Very excited to be returning to the world of software development in a professional capacity. Check out my latest work on my GitHub site!

Employment History

Program Manager, US Navy

Aug 2021 — Dec 2022  Coronado

- Restructured and implemented Surface Force Headquarter's introductory course to provide tactical training to 130+ commanding officers.
- Worked with C-level suite to update vision for course, and represented students to address concerns prior to taking command.
- Sourced personnel for over 500 billets in support of naval exercises and fleet-wide talent gaps.

Engineering Manager, US Navy

Dec 2018 — Aug 2021  Yokosuka

- Revitalized Engineering Department's training and level of knowledge programs, which improved crew readiness for engineering certifications.
- Led Auxiliary Division through successful Board of Inspection and Survey.
- Qualified as officer of the deck underway and helicopter control officer for the guided missile destroyer platform.
- Managed \$20k account as fund custodian for the morale and wellness (MWR) program. Coordinated a \$10k command event and maintained inventoried over \$50k of MWR equipment.
- Trained over 400 Sailors on the Navy's environmental compliance policies and reported quarterly compliance to Surface Force Headquarters.

Education

The Ohio State University, B.S. Computer Science and Engineering

Aug 2014 — Dec 2018  Columbus

- Midshipman of Naval Reserve Officer Training Corps. Maintained the command training program during senior year.
- Managed \$5k fund as Treasurer for She's the First at Ohio State. Supported education of women in low-income countries.
